RP6: Referee report

Purpose of this referee report

The Medical Council of New Zealand's (Council's) principal purpose is to protect the health and safety of members of the public through ensuring that doctors are competent and fit to practise medicine.

Authentic, authoritative and comprehensive references are an essential element in achieving that purpose, by informing Council's decisions on competence to practise and fitness for registration.

Completing this reference - guidance for referees

Thank you for completing this reference. Please read the following notes before doing so.

Criteria to be a referee

To be eligible to provide a reference, you must be:

- a registered medical practitioner, practising in the same area of medicine as the applicant is applying for and have worked closely with, and
- familiar with, the applicant's practice in the area of medicine the applicant is applying for.

It is important that you are able to comment objectively about the applicant. If you are aware of a possible conflict of interest, you must declare it.

There are additional requirements, depending on the applicant's intended level of appointment:

Senior medical officer (SMO), specialist, consultant level (including general practitioner) roles

You must:

- be a consultant/specialist practising in the same area of medicine as the applicant is applying for, and (if applicable) hold vocational/specialist registration in the relevant jurisdiction
- have worked closely with, and be familiar with, the applicant's practice at consultant/specialist level (or fellow/senior registrar level, if the applicant has recently completed their specialist training), in the area of medicine the applicant is applying for.
- have worked with the applicant for at least 6 months in the last 3 years.

Fellow or medical officer roles

You must:

- be a consultant/specialist practising in the same area of medicine as the applicant is applying for, and (if applicable) hold vocational/specialist registration in the relevant jurisdiction.
- have worked with the applicant for at least 6 months in the last 3 years.

Registrar roles

- You must be a consultant/specialist practising in the same area of medicine as the applicant is applying for, and (if applicable) hold vocational/specialist registration in the relevant jurisdiction.
- You must either:
    - have worked with the applicant for at least 6 months in the last 3 years; or
    - for applicants currently participating in a vocational training programme or in a residency program and rotating every 4-6 months, have worked with them for the entirety of the rotation, which must have been taken place entirely within the last 3 years

House officer roles

- You must be a senior medical colleague to the applicant.
- You must either:
    - have worked with the applicant for at least 6 months in the last 3 years; or
    - for applicants currently working as house officers and rotating across different areas of medicine every 3-4 months, have worked with them for the entirety of the rotation, which must have been taken place entirely within the last 3 years.

Completing the referee report form

- Please complete sections 1 to 4.
- If the applicant is applying for a specialist-level role (including general practitioner), also complete section 5.
- If you are not able to complete a question, please include a brief explanation.
- References must be completed personally by you, as referee.

Confidentiality of this reference

Under the Privacy Act 2020, any information provided in this reference must be disclosed to the applicant on request. Council may also share the content of the reference with the applicant, if further information is required from the applicant. If you are **unable** or **unwilling** to answer any questions please indicate this in your response and provide a brief explanation.
